About me:

A recent graduate Software Engineer who learns quickly, is organized and disciplined in the work environment, can adapt to teamwork, and has strong social relations.

WORK EXPERIENCE

08/11/2021 – 04/04/2022 Famagusta, Cyprus

SQL SOLUTION CONSULTANT KUZHEY KIBRIS TURKCELL

I worked as a Solution Consultant in the Güvende Kal project, which is the Quarantine Tracking System of Kuzey Kibris Turkcell company related to Covid-19.

- Detailed information requested by other departments in the COVID-19 quarantine system (Güvende Kal) was accessed by writing SQL queries and turned into reports.
- Provided solutions to the data-derived problems experienced by field teams in the quarantine initiation, retrieval and termination processes of tracking devices.
- Assisted with the maintenance of the product and gave feedback to technical team regarding the analyzes made.
